

## 3rd World Liver Congress September 28-29, 2020 Webinar

### Editorial Note

We had a huge success with the merge of 3rd World Liver Congress Webinar scheduled on September 28-29, 2020.

The significance of the meeting was achieved due to the accumulation of all the related group of spectators of research scientists to share their knowledge, research work, technologies, and furthermore trade of worldwide Information towards the correct crowd at ideal time. Congress has received a generous response from all over the world.

This has been organized with the aim to the corporate community and to create a platform for the exchange of information on technological developments, new scientific modernization and the effectiveness of various regulatory programs towards Food Safety Meet 2020 and Food Chemistry Meet 2020. The conference was organized around the theme "New Innovations in Food Technology and Research". The congress entrenched a firm relation of future strategies in the field of Food Science.

We would like to thank
